

Preparing for the Assessment Only Route

This professional learning opportunity is designed to support those with experience of teaching and who are ambitious to subsequently apply for QTS recognition through our Assessment Only Route. This course will enable you to become familiar with the Teachers' Standards and familiarize yourself with how you can evidence your achievements in relation to these. This six-session course will enable you to reflect upon the knowledge and expertise that you presently demonstrate and to identify areas to develop further. There will be opportunity to engage in related gap tasks between sessions.

The course content includes:

- Creating a portfolio and reflective writing
- Behaviour management approaches
- Teaching, learning and assessment principles and practices
- Inclusion and SEND perspectives
- Evidencing your wider professionalism.

Assessment Only route guidance to attaining QTS will be provided throughout. Further information about this can be found at:
